

TOWN OF SOUTHPORT

1139 Pennsylvania Avenue, Elmira, NY 14904

Special Use Permit Procedure

Special Use Permit procedure requires a Public Hearing to be held. Procedure on what you will need to do for the Public Hearing will be provided to you. The Town will also post a sign on the site plan property stating the date and time of the Public Hearing. It will take at least two meetings before you will have the Planning Boards decision on your application. Please follow the procedure listed below.

If the Special Use Permit is approved, a Building Permit is required for any construction, renovations, or alterations. All commercial projects will require stamped architect prints. Discuss your project fully with the Code Enforcement Officer.

The Planning Board, subject to the approval of the Town Board, may require an applicant for site plan review to deposit in an escrow account a reasonable amount established by the Planning Board to pay the fees and/or costs of any consultant, engineer, or attorney designated by the Town Board to review the application. The fees and/or costs charged by such consultant, engineer, or attorney in connection with such review will be charged against the sum deposited in escrow. If specific circumstances warrant it, additional funds will be required to be deposited in order to cover reasonable expenses incurred beyond the original estimate. Any amount remaining shall be returned to the applicant within 45 days of final action on the application. Payment to the escrow account, if required, is a prerequisite to a complete application, and no review will be initiated until payment is received. The deposit specified above does not include all approvals or fees required from or by agencies other than the Town, costs associated with extensions to districts to provide necessary services to the proposal nor fees charged by Town departments or boards for permits, approvals, hearings, or other actions, except as noted above. (Town Code §525-65 Professional assistance)
