Use Variances

- A. The Zoning Board of Appeals, on an appeal from a decision or determination of the Code Enforcement Officer, shall have the power to grant Use Variances as defined herein.
- B. No Use Variance shall be granted by the Zoning Board of Appeals without a showing by the Applicant that the zoning regulations and restrictions have caused unnecessary hardship. In order to prove such unnecessary hardship, the Applicant shall demonstrate *all* of the following facts in writing to the Zoning Board of Appeals *for each and every permitted use* under the zoning regulations for the particular district in which the lot is located:
- (1) The applicant cannot realize a reasonable return, provided that lack of return is substantial and demonstrated by competent financial evidence;
 - (2) The alleged hardship relating to the lot in question is unique and does not apply to a substantial portion of the District or neighborhood in which the lot is located;
 - (3) The requested use variance, if granted, will not alter the essential character of the district neighborhood in which a lot is located; and
 - (4) The alleged hardship is not self-created.
- If *any one or more* of the above factors is not proven, State law requires that the ZBA must deny the variance
- C. The Zoning Board of Appeals, in granting a use variance, shall grant the minimum variance that it deems necessary and adequate to address the unnecessary hardship or balance proven by the applicant and at the same time preserve and protect the character of the neighborhood and health, safety and general welfare of the community.
