

SPIRIT OF SOUTHPORT MURAL

Students and staff from Broadway Academy completed a mural to commemorate the 200-year anniversary of Southport in 2022. The Valu Home Center graciously provided the canvas. Ninth grade students from the art classes and after school APEX program researched the Town's history with support from school staff and members of the Southport Historical Society. The result of their hard work is a mural celebrating various parts of the Town's history for the public to enjoy. Special thanks to all who were involved in this project including:

The ARTS Council of the Southern Finger Lakes & the Community Foundation who provided a grant

Community Arts of Elmira

Valu Home Center

Elmira City School District Staff & Students at Broadway Academy
